### The Dentist

Once a woman and her husband interrupted their vacation to go to the dentist." I want a tooth pulled, and I don't want any pain killers because I'm in a big hurry," the woman said. "Just extract the tooth as quickly as

possible, and we'll be on our way."

The dentist was quite impressed. "You're certainly a courageous woman," he said. "Which tooth is it?" The woman turned to her husband and said, "Show him your tooth, dear."
